Advisory Council on Campus Climate, Culture and Inclusion
(2012-13 Charge/Membership)

Chancellor Blumenthal has appointed a campus Advisory Council on Campus Climate, Culture and Inclusion that includes faculty, staff, students, community members and alumni. The charge of the UCSC Council is to:

- Monitor and evaluate the progress of UCSC in creating conditions of climate, culture and inclusion that will best support the mission of the University and provide equal opportunities to all UCSC students, faculty and staff.
- Identify, evaluate and share “promising practices” in efforts to create a welcoming and inclusive campus climate—looking broadly at other institutions, both public and private, inside and outside higher education, across the state and the nation.

At the UC-wide level, President Yudof has appointed an Advisory Council on Campus Climate, Culture and Inclusion and has pledged to take steps to directly address campus climate issues that leave students feeling marginalized; to promote the identification and sharing of best practices that promote diversity and tolerance; to monitor progress on the campuses; and to provide effective oversight.
